

# VOYAGER STACKER

## WHY BUY AN ELEVATION VOYAGER STACKER?

- Strong & dynamic award-winning design
- Up to 30% lighter than standard steel stackers - lighter to push
- Wide straddle leg option for use with GKN pallets
- Adapt your Voyager for all applications with our wide range of attachments
- Steel & lightweight aluminium modular construction
- Single mast for better operator visibility
- Battery & internal charger included
- High tenacity lifting belt – non-corrosive & very strong

## TECHNICAL FEATURES

- Easier to manoeuvre than traditional stackers & rust proof
- Unit is modular & has a range of interchangeable attachments to enable one unit to suit multiple applications
- The overall flexibility of the product means that it can be modified to suit any future needs the business may have
- Lifts to 1,100mm or 1,600mm as standard
- Minimal weld construction leaves fewer points of possible weakness
- Electric & manual options available with two lift heights & varying capacities between 500kg & 1,000kg
- Ergonomically designed handles to suit any user and allows greater manoeuvrability
- Fitted with adjustable forks as standard
- Patented 'C' shaped leg clamps make it easy to adjust legs to suit your application
- Polyurethane wheels, 2 braked swivel castors & toe guards
- Heavy duty swivelled castors ensure quiet, smooth operation
